**The ARCW Medical Center**

Never in the history of AIDS has there been so much promise for you to live a long and healthy life.

Our goal is to fulfill this promise for you.

---

**ARCW Medical Clinic**

The ARCW Medical Clinic has all the expert resources you need to live a long and healthy life with HIV while providing care in a welcoming clinic environment.

Physicians, nurse practitioners, nurses and medical case managers with experience in HIV care work closely with you to provide information on your overall health, discuss treatment options and provide the best medical care.

The ARCW Medical Clinic cares for your general health conditions and treats your HIV disease with the most advanced diagnostic and treatment options to restore and maintain your health. Your medical care is enhanced with on-site dental care, mental health therapy, support services and easily accessible specialty care.

At the ARCW Medical Clinic your confidentiality is assured. You will receive the highest quality medical care and be treated with the respect and dignity you deserve.

---

**ARCW Dental Clinic**

The ARCW Dental Clinic is designed to meet the unique oral health needs of people with HIV. Good oral health enhances the opportunity for successful HIV medical treatment.

The experienced dentists and dental hygienists of the ARCW Dental Clinic are Wisconsin’s leading experts in HIV dental care. The ARCW Dental Clinic provides comprehensive oral examinations, education on HIV and oral health, x-rays, complete cleanings and restorative care including fillings, crowns, bridges, extractions and dentures.

At the ARCW Dental Clinic your confidentiality is assured. State-of-the-art dental equipment, a relaxed setting and professional staff who take time to answer all of your oral health questions assure that you receive the highest quality dental care.

---

**ARCW Behavioral Health & Wellness Clinic**

The ARCW Behavioral Health & Wellness Clinic provides sensitive and supportive mental health counseling and wellness programs to meet the challenges of living with HIV that you might confront.

Our professional staff are experienced in diagnosing and treating mental health conditions, providing psychotherapy for individuals and their families, leading support groups, conducting psychiatric evaluation and assisting with medication management. Our wellness programming includes mindful yoga, meditation and seminars on healthy living.

At the ARCW Behavioral Health & Wellness Clinic we will provide you with the support you need for good mental health and your confidentiality is assured.
