Wisconsin’s largest and fastest growing HIV health care system.

More people than ever are living with HIV in Wisconsin, and each one needs high quality, comprehensive and integrated health care to have the best chance to live a long, healthy life.

HIV patients face a myriad of medical, socioeconomic and psychosocial challenges that can prevent their ability to manage their HIV well. The integrated services provided by ARCW are designed to help our patients overcome these barriers to health.

At ARCW, HIV patients have access to expert providers and state-of-the-art equipment in a comfortable, confidential setting, regardless of their ability to pay.

Our commitment to providing the best care possible to everyone with HIV has earned ARCW recognition as the first HIV medical home approved by the federal Centers for Medicare and Medicaid Services and as the first community-based medical home in Wisconsin approved by the National Committee on Quality Assurance.
Our HIV Medical Home

**Medical**

High quality, comprehensive primary care and HIV treatment is provided to all patients, uniquely integrated with health and social services to ensure the best clinical outcomes.

**Dental**

A full range of dentistry services to restore the health, smiles and confidence of our patients.

**Behavioral Health**

Individual and group therapy, psychiatry, drug treatment and neuropsychological testing are provided to assure wellness.

**Pharmacy**

All prescriptions for patients, regardless of ability to pay, are filled along with in-depth education, adherence counseling, financial assistance and home delivery.

**Legal**

Direct representation in appeals of the denial of public and private benefits, cases of discrimination, advance directives and other legal matters.

**Housing**

Transitional and long-term residential housing, rent and utility assistance, and counseling to assure no one with HIV is homeless.

**Food**

Healthy and delicious food to assure good nutrition and support overall health.

**Case Management**

Assists patients and clients with enrollment in benefit programs to help them access and remain in care.

MEDICAL HOME PATIENTS

Enroll in Care ARCW.org
Saving lives from HIV requires aggressive strategies to reach people at highest risk for infection.

Our innovative prevention programs reach tens of thousands of people with the information and materials they need to prevent contracting HIV.

**PREVENTION FOR GAY MEN**

ARCW provides condoms, education and counseling to gay men to help them protect themselves from HIV.

**CLEAN NEEDLE EXCHANGE**

ARCW provides injection drug users with access to clean needles, condoms, drug abuse counseling and education, hepatitis C testing and, opiate overdose prevention medications through our clean needle exchange program – the largest of its kind in the U.S.

**YOUTH**

ARCW offers prevention services specifically designed to educate and protect youth who are at risk for HIV disease. We offer age-appropriate education on HIV disease, how HIV is transmitted and how to reduce risk for HIV infection.

**TESTING**

Critical to HIV prevention efforts is HIV testing, which we offer as a part of all our prevention services throughout Wisconsin. And, through our unique linkage to care program, everyone who tests positive for HIV at ARCW is immediately enrolled in care.
